

- **In English lessons, we encourage pupils to engage with language that appreciates the craft of the writer and recognises the power of language as a means of sharing ideas.**
- **We hope to foster a love of words and reading as a means of sharing ideas and enriching our experiences as both independent readers and writers.**
- **Classroom learning creates opportunities to experience and engage with writing in English from across the literary heritage.**
- **The range of texts studied across the KS4 curriculum represent different experiences, cultures and periods of history and recognise English as a world language. This raises the cultural capital of our students.**

- **In maths lessons, we aim to ensure every pupil in the class gains knowledge, understanding and confidence, and is ready to make progress.**
- **Our focus is to create fluent, confident mathematicians with the ability to link their prior learning to their current learning as well as apply their learning to their everyday lives and experiences.**
- **Teaching at KS4 aims to improve the progress of all learners, building the foundation in maths needed to successfully progress and prepare each pupil for maths summative assessment at Key Stage 4.**

- **In Personal Development lessons we are focused on the social and emotional development of pupils in line with their EHCP Targets.**
- **Our aim is to prepare pupils with practical skills and knowledge for life, develop their social skills, and grow their understanding of emotions, their own and others.**
- **The intent of our Personal Development curriculum is to encourage our students to become healthy, independent and responsible members of society.**
- **We provide opportunities for them to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society, and to prepare them to be a global citizen now and in their future roles.**

- **In humanities lessons we encourage all pupils to explore the world by knowing their past, discovering their present, and by developing their spiritual and artistic abilities.**
- **We ensure all pupils have access to a broad and engaging curriculum including Art, Music, History, RE and Geography.**

English: Our English lessons aim to enable all students to make the most possible progress in spoken language, reading and writing.

Maths: Our Maths lessons aim to provide all students with a rewarding and enjoyable experience of mathematics.

Humanities: Our Humanities lessons aim to encourage all pupils to explore the world through History, Geography, RE, Music and Art.

**Personal Development: Our
Personal Development lessons
aim to encourage our students
to become healthy, independent
and responsible members of
society.**
